AXALKO

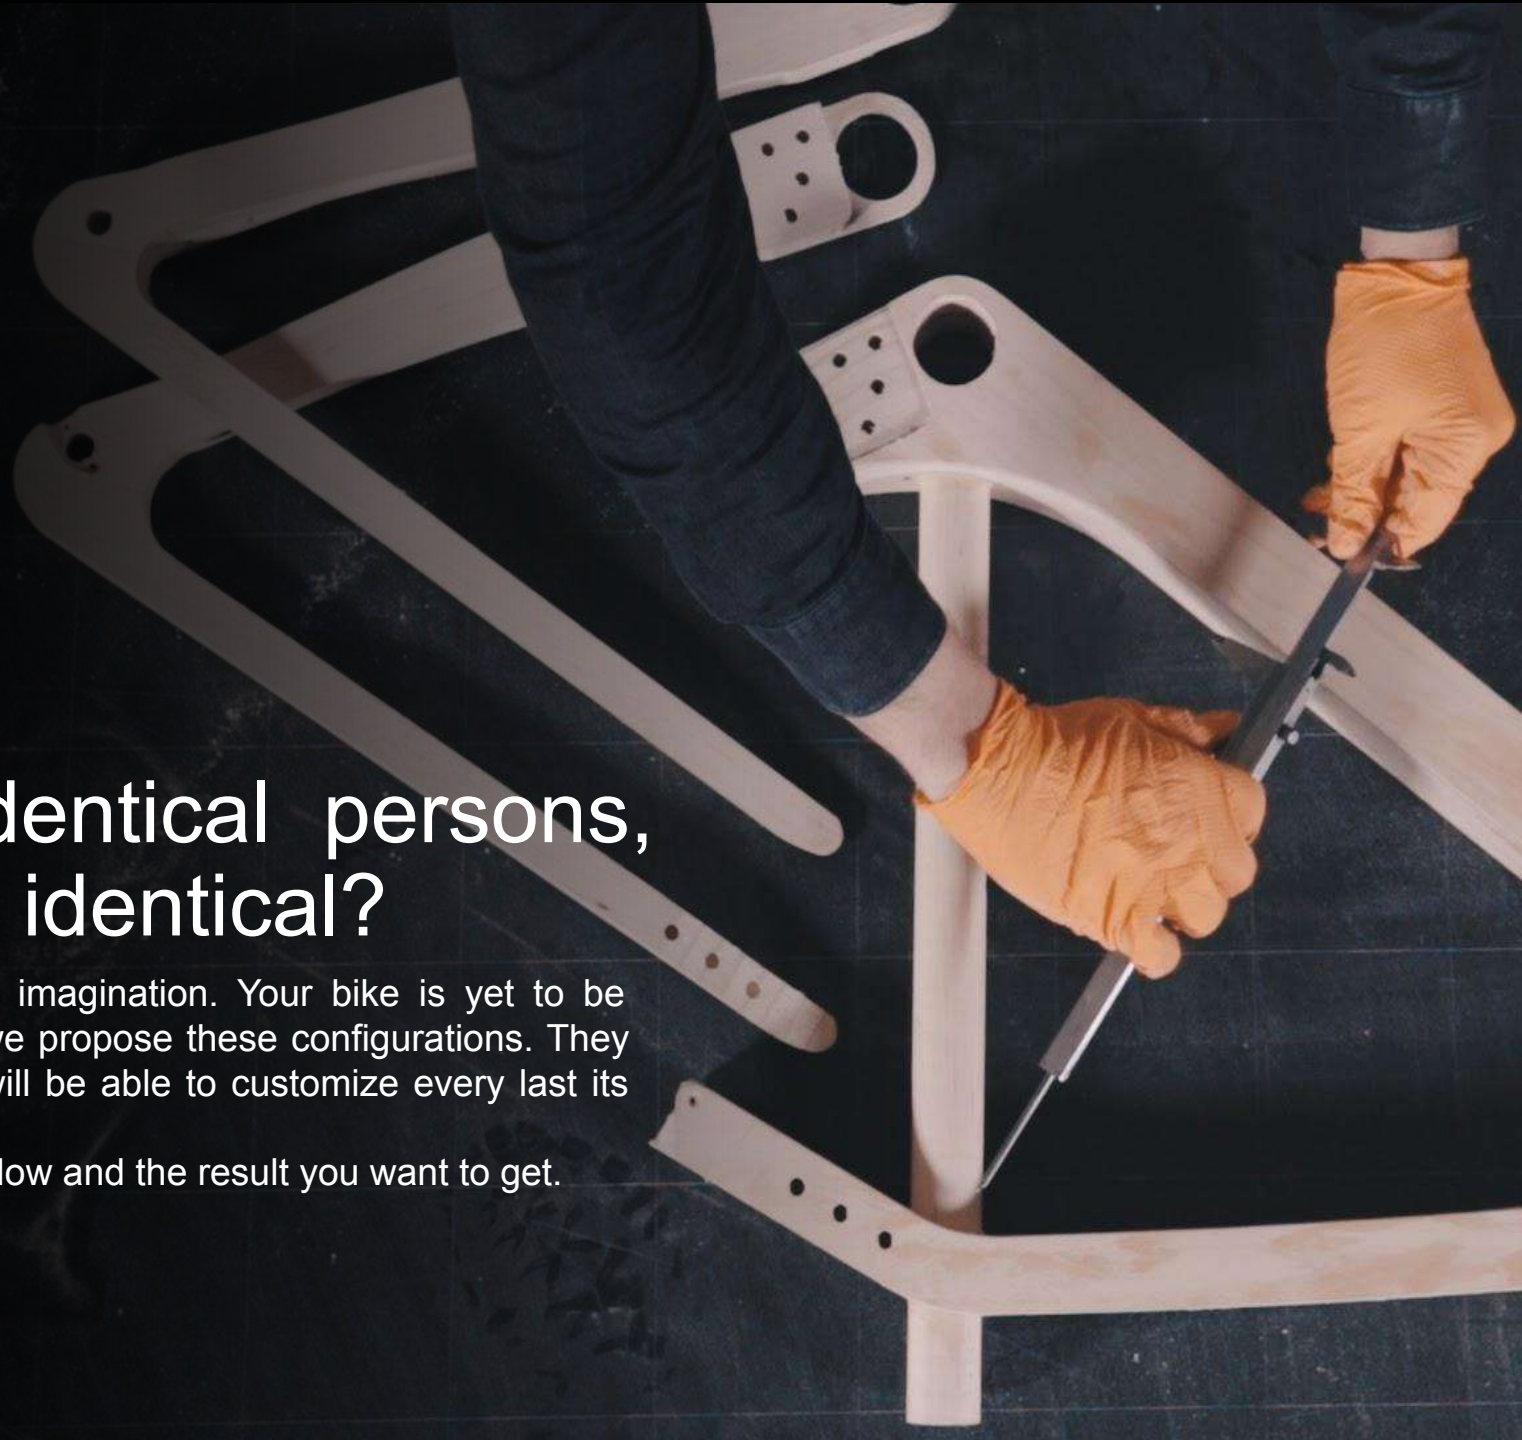

Lead the change. Ride authentic.

If there are not two identical persons, how can two bicycles be identical?

Our Limited Edition Axalko 2020 is as broad as your imagination. Your bike is yet to be created. We will do it together and as a starting point we propose these configurations. They are only an approximation to **YOUR BIKE**, since you will be able to customize every last its components.

This has just begun, you choose the path you want to follow and the result you want to get.
